Summary

Career Objective

I am a highly motivated and results-oriented individual with a strong passion for computer science. I am eager to apply my skills and knowledge to solve real-world problems and contribute to the field of computer science.

Abilities

I have a strong foundation in programming languages, algorithms, and data structures. I am also proficient in web development and have experience with a variety of frameworks and tools.

Experience

I have completed the CS50x course, which covers the foundations of computer science, including programming, data structures, algorithms, and object-oriented programming. I am also currently enrolled in an advanced computer science course, which covers topics such as artificial intelligence, machine learning, and natural language processing.

Personal Characteristics

I am a creative thinker with a strong work ethic and a passion for learning. I am also a team player and I am able to work effectively with others to achieve common goals.

I am confident that my skills, experience, and personal characteristics make me a valuable asset to any company in the computer science industry.

Experience

Intern

May 2020 - Jul 2020

Consultant

web developer
Slashplus

I gained valuable experience in web development and troubleshooting computer-related issues

I worked on a variety of projects, including:

Developing and maintaining websites: I collaborated with designers and clients to create and update websites, ensuring they were responsive, user-friendly, and visually appealing

Troubleshooting website issues: I promptly addressed website issues reported by clients, identifying and resolving problems related to code, functionality, and compatibility
Providing technical support: I assisted clients with various computer-related issues, offering guidance on software installation, hardware configuration, and network connectivity.

Education

Kalinga University
Raipur

Bachelor of Science Computer Science Candidate
(Expected graduation Jan

Education

Kantipur Engineering College

Bachelor's Degree, computer engineering
2019 - 2020

Kalinga University, Raipur

Bachelor of Science, Computer Science
2022 - 2025

Kalinga University's emphasis on practical learning has undoubtedly contributed to your ability to apply theoretical concepts to solve practical problems. Moreover, the university's strong industry linkages and placement record have provided you with ample opportunities to connect with potential employers and gain valuable professional experience through internships and placements. This exposure to the industry has undoubtedly enhanced your employability and prepared you for a successful career in the field of computer science.
